
Plan Requirements & Limitations

The Preferred Provider Plan is available to all families and individuals who pay the annual subscriber fee. The annual plan fee must be paid in full when submitting the application. Enrollment is open to all.

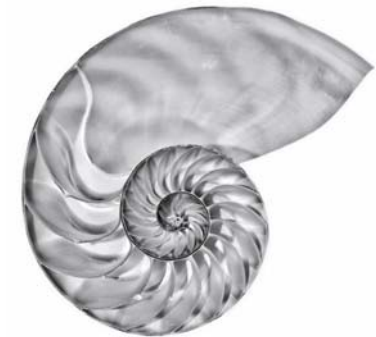

Your plan year will be determined by the date when you submit your payment and will be for a 12 month period.

This is an independent dental plan, offered by a private practice and we are not associated with any other office. We reserve the right to cancel or make changes to the plan at any time.

Only dental services provided at East Hampton Dental Group are covered by this plan. Care Credit can not be used as form of payment. After 45 days, cost of plan is not refundable, but can be used as credit for services.
